

Adobe GoLive 6.0

Install ReadMe: Adobe® GoLive® PDF Module

To install the PDF module in Microsoft® Windows®:

- 1 Move the PDF.module and PDF.RData files to the GoLive 6.0/Modules folder.
- 2 Move the AGM.dll file to the GoLive 6.0 folder: When Windows asks if you want to replace the existing file, click Yes.
- 3 Restart GoLive.

To install the PDF module in Mac OS:

- 1 Move the PDF Module file to the GoLive 6.0/Modules folder.
- 2 Move the PDFL50 Carbon.lib file to the GoLive 6.0/Required folder: When Mac OS asks if you want to replace the existing file, click Replace.
- 3 Restart GoLive.
